## iEHO Associate Member Agreement

EPA -Environmental  
Protection Agency  
Radon Protocol  
EPA IAQ

**Upon becoming an iEHO “Associate Member” (hereafter referred to as “member”), a member is subject to the following agreement and terms:**

Health Canada  
Radon - IAQ  
Its Your Health

### **Use of iEHO Trademarks, Certification marks, Service marks, Copyrighted materials, and all intellectual properties:**

**1)** In the provision of environmental health related services, a member is entitled to use and display all of iEHO intellectual property in the context of the provision of services and programs. This includes the use of all iEHO Trademarks, Certification marks, Service marks, Copyrighted materials.  
It is incumbent upon a member to protect iEHO against any known disparaging use of this property.

NEHA  
National Environmental  
Health Association  
NRPP  
National Radon  
Proficiency Program

### **Use of iEHO Standards and Protocols:**

**2)** For the determination and provision of environmental health related services, by a member, the use of iEHO Standards and Protocols, as specified in the iEHO IAQ Standards, Guidelines, and Testing Protocols documents, is recommended.

### **iEHO Standards of Ethics and Quality:**

**3)** In addition to being bound by any other “code of ethics” or “quality control standards” that a member may be subject to by any other related certifications or memberships, a member must agree to consider and be guided by the following:

- a)** to remain neutral to any third party interests by providing accurate and honest testing and results;
- b)** to maintain and keep confidential, all client information and respective test results, determinations, and conclusions. Accordingly, an AI shall not provide any information to any third party outside of iEHO, without consent of the client, and/or iEHO.
- c)** an AI must also maintain what is generally considered “good and fair” business practices in all dealings with clients.

**Commercial and Residential**

**Indemnification:**

4) In the provision of environmental health related services, a member shall fully indemnify iEHO against any misuse or misrepresentation of the iEHO name or intellectual property, by their own action, deliberate or otherwise.

**Cancellation and Termination:**

5) At the discretion of iEHO, any of the following is grounds for termination of this agreement:

- a) disparagement or misuse of the iEHO name or intellectual property;
- b) any material breach of this agreement;
- c) deceiving or fraudulent business practices;
- d) nonpayment of any iEHO required fees. At the discretion of iEHO, any required fees that are 60 days past due, are considered "not paid".

6) A member may cancel this agreement at any time. Upon cancellation, a member will immediately become a non-member and "unauthorized" to use the iEHO name and intellectual property.  
A former "Associate Member" may reactivate this agreement at any time by simply rejoining.

## Authorized Inspector Opportunity

### Become an AI

- Start a new career,
- or Enhance your existing Environmental business.
- Increase your cashflow.
- Create repeat customers and residual income.
- The iEHO AI opportunity is useful and profitable for Environmental Engineering and Inspection Firms, Building and Home Inspection Firms and Individuals, Inspectors of all types, and Individuals who wish to start a new business and career in the Environmental field.
- As an iEHO Authorized Inspector, you will be “authorized” to provide iEHO Certifications.

### AI Requirements and Qualifications:

- When applying for AI registration, Individuals or Firms must provide proof of adequate certification with documentation from a bona fide school, college, university, or training organization.
- An applicant must have an Environmental related degree, or have educational or training certification in an Environmental Inspection or Assessment related discipline. Note: There are numerous organizations and institutions that offer short and longer courses, certifications and and educational programs related to environmental inspection and assessment. For example: ACAC. iEHO supports and considers all related organizations, institutions, courses, and certifications.
- An “Authorized Inspector” designation will be granted on the merits of an applicant at the discretion of iEHO.
- Once an applicant is “approved”, the iEHO “Authorized Inspector” designation will be granted upon receipt of the “one time” initial licensing fee. Access will then be provided to “AI” resources.
- Non-refundable fees (usd): \$105.00 application fee due with application, plus \$945.00 “one time” initial licensing fee due upon approval.
- Initial licensing fee includes 2 year waiver of annual AI licencing fee (value = \$75.00 per year).
- The annual AI licencing fee may also be waived based on Certification volumes after 2 years.
